Gentlemen:

Re: Concerns on Policy Change

To compliment what you have done in the past has been to eliminate some of the below listed "filth" that has come through our media presentations, i.e., television, movies, videos, games, etc. we thank you. However, we have serious concerns that if there are "No Standards At All, On Prime Time TV, it would eventually get to other media as well. What will follow in a society:

1. **Violence:** More murders, beatings, blood and guts exposed; attitudes of retaliation and anger.
2. **Indecent and obscene photography:** Scenes that you know are only for the privacy of the bedroom, and not for viewing of anyone, including our children, teens, and adults.
3. **Vulgar language:** Not just cursing with a few words, but with dirty filthy words that cause anyone to react with violence in retaliation back and fear of the one cursing them.
4. **Overwhelming Behavior:** Display of acting/performing before us will be sickening before families and would be viewed unlawful for the public to see and hear. Sexual content and conduct that leaves no imagination, which causes confusion for children, teens and us all.

As my husband and I have traveled to parts of Europe, who have no standards and limited censorship, we have seen with our own eyes what influence "MEDIA" can do to a society:

- A.. **Affects on Police Departments:** Increased violence, and domestic violence, murders by shootings, stabbings, drive-by killings, gang related crimes, stealing and robbing, sexual related crimes, more abortions; copy cat crimes: Not enough police services to handle.
- B. **Affects on Hospitals-Clinics (Doctors & Nurses):** With shortages because of salaries, overwhelming pressure for doctors, nurses other medical staff to do their jobs; causing less than adequate medical care, errors resulting in multiple deaths, transmitted diseases.
- C. **Fire Services:** Increase in crimes to cover up crimes by burning property and people.
- D. **Affects on Teachers** in a Society that is without restraint, is children who are constantly distracted, disrespectful and ignore most of what is taught.
- E. **Affects at Home:** Unrelenting troubles, and problems with children, parenting, mother, father relationships; more molestations.
- F. **Sponsors of Programming:** Most people like myself would not purchase the sponsor's products, hence you would not have funds to pay for the programs.
- G. **More Victims:** Children, Teens, Women, Disabled, and Elderly. This kind of "unrestraint" is unfair and biased toward the ones who are in the extreme minority of people, who are sick in their own way, and most importantly, more than likely those who have the "purse strings" that are making millions from their dirty, filthy minds, who invent such media presentations.

The psychological structure of a society has to have some kind of censorship to its media. Look at history and prior societies who are no more. Societies that failed because of licentiousness. If this does happen, and FCC changes their policy to above, most people would "black out" their media. Hope this is enough to let you know how we feel. Yours truly, McDonald's

FCC,

I called your office 6/19 concerning Proceeding 13-26. Please do not increase disrespectful, crude and blasphemous language and indecency in programs, movies etc.

It's a bad example and influence for all ages. It will be repeated in hurtful and degrading ways. There are better ways to express humor and smarter ways to express anger than curse words. Thank you for your time and consideration. Let's meet the challenge for a more positive culture.

May God bless you

We, concerned citizens, believe the FCC has recently made decisions that will degrade our society. Please retract the rules that have recently permitted the use of any foul or obscene language that will affect the people of our great nation watching TV. To be specific, don't allow the P***(iss) word or the A**(ss) word in conjunction with the human body. Also, absolutely don't allow the F(bomb), the S(word) or any type of nudity, at any time, on Broadcast TV.

Please don't bow to the PAC monies that the broadcast stations are offering. We only offer our opinion, and our heartfelt belief that the morals of the nation stand with your next move.
